

Accessibility

All restrooms and water fountains are wheelchair accessible.

The Legislature provides wheelchair spaces in the viewing galleries for the House and Senate and all legislative committee rooms. The paths leading to the points of interest on the Capitol grounds are paved.

Visitor access is either from the West (near the Florida Heritage Fountain) or the East (across from the Old Capitol). Visitors in wheelchairs may use the East Entrance via the Courtyard to enter the Capitol. The Old Capitol can be entered using the handicap entrance located on the north side of the West Portico of the Old Capitol.

There are three bridges for travel between the Capitol, House Office Building, Senate Office Building, and the Knott Building. When the Legislature is in session, the Legislative office buildings are accessible from the Courtyard. The House Office Building's entrance is on the south side of the building facing the Courtyard. The Senate Office Building entrance is on the north side towards the Courtyard.
